## WATER DISTRICT

### Water District To Host Kickoff Relay For Life Event

BY HERALD STAFF

plainview@antonmediagroup.com

On Thursday, May 2, the Plainview Water District (PWD) is hosting the Plainview-Old Bethpage Relay For Life team's kickoff event to assist in their efforts to bolster local participation in the world's largest fundraiser. This event—to be hosted at the district's headquarters at 10 Manetto Hill Road between 6 and 8 p.m.—will help the organization share the many different ways residents of the community can get involved to

support the main event on June 8.

"We are proud to partner with Relay For Life Plainview-Old Bethpage as their efforts to enact positive change in our community and communities beyond are unwavering and something to be admired," said PWD Commissioner Amanda Field.

Residents in attendance will have access to on-site entertainment. The event will also consist of mystery raffles, fun activities for kids, Luminaria dedication sales to remember the lives of those impacted by cancer and more.
